Itawamba Community College

We have audited the accompanying financial statements of Itawamba Community College and Itawamba Community College Foundation, Inc. as of and for the year ended June 30, 2008, which collectively comprise the College's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Itawamba Community College's and Itawamba Community College Foundation, Inc.'s management. Our responsibility is to express opinions on these financial statements based on our audit. Itawamba Community College Foundation, Inc. is a discretely presented component unit of Itawamba Community College.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Itawamba Community College and its discretely presented component unit, Itawamba Community College Foundation, Inc., as of June 30, 2008, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 3 through 11, is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. Management Discussion and Analysis also contains information from June 30, 2007. We previously audited in accordance with generally accepted auditing standards accepted in the United States of America, the financial statements for the year ended June 30, 2007 (not included herein); and we expressed opinions on those statements. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated, January 29, 2009 on our consideration of Itawamba Community College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise Itawamba Community College's basic financial statements. The accompanying Schedule of Federal Financial Assistance is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements of Itawamba Community College. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in material respects, in relation to the financial statements taken as a whole.

ITAWAMBA COMMUNITY COLLEGE MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Itawamba Community College annual financial report presents our discussion and analysis of the financial performance of the College during the fiscal years ended June 30, 2008 and 2007. This discussion has been prepared by management along with the financial statements and related footnote disclosures and should be read in conjunction with and is qualified in its entirety by the financial statements and footnotes. The financial statements, footnotes, and this discussion are the responsibility of management.

Using the Annual Report

This annual report consists of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. These financial statements differ significantly, in both form and the accounting principles used, from prior financial statements presented. The financial statements presented in prior years focused on the accountability of funds, while these statements focus on the financial condition of the College, the results of operations, and cash flows of the College as a whole.

One of the most important questions asked is whether the College as a whole is better or worse off because of the year's activities. The key to understanding this question is the Statement of Net Assets, the Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows. These Statements present financial information in a form similar to that use by corporations. It is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged.

The Statement of Net Assets includes all assets and liabilities. The College's net assets (the difference between assets and liabilities) are one indicator of the College's financial health. Over time, increases or decreases in net assets are one indicator of the improvement or erosion of the College's financial health when considered with non-financial facts such as enrollment levels and the condition of the facilities.

The Statement of Revenues, Expenses, and Changes in Net Assets presents the revenues earned and the expenses incurred during the year. Activities are reported as either operating or nonoperating. The financial reporting model classifies State appropriations and gifts as nonoperating revenues. The College's dependency on State aid and gifts results in an operating deficit. The utilization of long-lived assets, referred to as Capital Assets, is reflected in the financial statements as depreciation, which amortizes the cost of an asset over its expected useful life.

Another important factor to consider when evaluating financial viability is the College's ability to meet financial obligations as they mature. The Statement of Cash Flows presents information related to cash inflows and outflows summarized by operating, noncapital financing, capital and related financing, and investing activities.

Total operating loss for the fiscal year 2008 and 2007 was \$20,709,784 and \$19,137,428, respectively. Since the State of Mississippi appropriation is not included within operating revenue per GASB No. 35, the College will show a significant operating loss.

The sources of operating revenue for the College are tuition and fees, grants and contracts, auxiliary services, and other operating revenues.

The College strives to provide students with the opportunity to obtain a quality education. Future enrollments at the College may be affected by a number of factors including any material increases in tuition and other mandatory charges stemming from any material decrease in appropriation funding from the State of Mississippi.

Total operating revenues for fiscal year 2008 and 2007 were \$42,108,678 and \$33,753,068, respectively. Tuition and fees were \$11,615,546 and \$9,959,917, respectively. The tuition discount was \$2,081,046 and \$1,912,192, respectively. Operating expenses, including depreciation of \$2,057,803 and \$1,850,984, totaled \$62,818,462 and \$52,890,496, respectively. Of this total \$21,853,352 and \$20,882,575 or 35% and 41% was for instruction.

Revenues

Operating Revenues

Tuition and Fees

This category includes all tuition and fees assessed for educational purposes totaling \$11,615,546 and \$9,959,917 for June 30, 2008 and 2007. The tuition discount for the 2008 and 2007 fiscal years was \$2,081,046 and \$1,912,192, respectively.

Grants and Contracts

This includes all restricted revenues made available by government agencies as well as private agencies. Grant revenues are recorded only to the extent that the funds have been expended for exchange transactions. Nonexchange revenues are recorded when received or when eligibility criteria have been met.

The following table details the College's grant and contract awards for the fiscal year ended June 30, 2008 and 2007:

	<u>2008</u>	<u>2007</u>

Sales and Services from Educational Activities

Other operating revenues consist of income from educational activities that totaled \$347,739 and \$437,406 for the 2008 and 2007 fiscal years.

Auxiliary Enterprises

Sales and services, net, consist of various enterprise entities that exist predominantly to furnish goods and services to students, faculty, staff, or the general public and charge a fee directly related to the cost of those goods or services. They are intended to be self-supporting.

Auxiliary enterprises primarily include the College bookstore, food services and housing.

Operating Expenses

Operating expenses totaling \$62,818,462 and \$52,890,496 include salaries and benefits of \$27,511,644 and \$24,518,983, scholarships and fellowships of \$16,245,336 and \$13,179,472, utilities of \$1,876,712 and \$1,793,583, supplies of \$7,162,212 and \$5,391,928, contractual services of \$7,434,719 and \$5,686,057, and depreciation of \$2,057,803 and \$1,850,984, respectively for June 30, 2008 and 2007.

Nonoperating Revenues (Expenses)

State Appropriations

The College's largest source of nonoperating revenue is the State of Mississippi appropriation. The College received \$18,865,026 for 2008 fiscal year and \$14,771,912 for 2007 fiscal year, of which \$18,865,026 and \$14,771,912 was for operations. State capital aid in the amount of \$0 and \$0 was received for the purchase, construction, renovation, and repair of fixed assets.

Local Appropriations

The College also receives revenue from the counties in college's district. The College uses the funding for salaries and benefits, for operational purposes. The College receives the appropriation in monthly payments, beginning in July of each year, since the fiscal year begins July 1st. The College received \$4,714,991 and \$4,868,875 for the 2008 and 2007 fiscal years from the counties. This appropriation was fully recorded by the College during the fiscal year.

Noncapital Gifts

This consists of gifts made to the College from a nongovernmental organization and/or individuals. The cash gifts totaled \$520,696 and \$658,850 at June 30, 2008 and 2007, respectively.

Investment Income, Net

This includes the interest income from the cash in the bank accounts. The investment income at June 30, 2008 and 2007 shows \$631,411 and \$808,720 in investment income.

Other Revenues

State Appropriations for Capital Purposes

\$0 and \$0 are the amounts of revenue received from the State of Mississippi to purchase, construct, renovate, or repair capital assets during the 2008 and 2007 fiscal year, respectively.

Local Appropriations for Capital Purposes

This includes revenue received from the counties for capital projects during the fiscal years. The amount of this grant totaled \$4,359,881 and \$4,356,401 for the 2008 and 2007 fiscal years.

Statement of Cash Flows

Another way to assess the financial health of the College is to look at the Statement of Cash Flows. Its primary purpose is to provide relevant information about the cash receipts and cash payments of the College during a period. The Statement of Cash Flows also helps users assess:

- The ability to generate future net cash flows,
- The ability to meet obligations as they come due, and
- A need for external financing.

Cash and Cash Equivalents – End of the Year	<u>\$ 1,483,282</u>	<u>\$ 1,496,178</u>

The major sources of funds included in operating activities include student tuition and fees, \$11,469,897 and \$9,811,271, auxiliary enterprises, \$6,933,974 and \$6,284,173, and grants and contracts, \$21,203,852 and \$16,281,929. The major uses of funds were payments made to employees, \$27,843,268 and \$24,184,962 and to suppliers, \$7,222,294 and \$5,850,831 for fiscal year end June 30, 2008 and 2007.

The largest inflow of cash in the noncapital financing activities group is the State appropriation of \$18,767,415 and \$14,704,113 for June 30, 2008 and 2007, respectively.

**ITAWAMBA COMMUNITY COLLEGE
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

Factors Impacting Future Periods

There are a number of issues of Community College-wide importance that directly impacted the fiscal year 2008 financial situation. The level of State support, compensation increases, student tuition and fee increases, and energy cost increases impact the College's ability to expand programs, undertake new initiatives, and meet its core mission and ongoing operational needs.

State appropriations contribute approximately twenty seven percent of general operations' revenue. The level of State support is therefore one of the key factors influencing the College's financial condition.

The need to continue to address priority needs and requirements for deferred maintenance, new technology, repairs, and new construction projects is a large challenge facing the College in the years to come.

Various committees and individuals are assessing the College's performance toward identified goals and ways to achieve greater efficiencies and reduce expenditures in an effort to assist in meeting the future challenges.

ITAWAMBA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENTS
June 30, 2008

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Reporting Entity – Itawamba Community College was founded in 1948 and is one of Mississippi's 15 public community colleges. The legal authority for the establishment of Itawamba Community College is found in Section 37-29-31, Miss. Code Ann. (1972).

Itawamba Community College is governed by a thirty-member board of trustees, selected by the board of supervisors of Itawamba, Lee, Monroe, Pontotoc and Chickasaw Counties who support the district through locally assessed ad valorem tax millage. One of the trustees from each of the supporting counties must be the county superintendent of education, unless the superintendent chooses not to serve, in which case the county board of supervisors shall fill the vacancy in accordance with Section 37-29-65, Miss. Code Ann. (1972). Each board member is appointed for a 5-year term. In addition, Itawamba Community College works jointly with the Mississippi State Board for Community and Junior Colleges, which coordinates the efforts of all 15 community colleges as they serve the taxpayers of the State of Mississippi.

Itawamba Community College reports the following discretely presented component unit:

Itawamba Community College Foundation, Inc. (Foundation) – The Foundation is a legally separate, tax-exempt nonprofit organization founded in 1975. The Foundation acts primarily as a fund raising organization to supplement the resources available to Itawamba Community College (college) in support of its programs.

Although the college does not control the timing or amount of receipts from the Foundation, the majority of its resources or income thereon that the Foundation holds and invests are restricted to the activities of the college by the donors.

During the year ended June 30, 2008, the Foundation distributed \$137,050 to the College.

- B. Basis of Presentation - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis of Public College and Universities*, issued in June and November, 1999, respectively. The college now follows the "business-type activities" reporting requirements of GASB Statement No. 34 that provides a comprehensive one-line look at the college's financial activities.
- C. Basis of Accounting - The financial statements of the college have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.
- D. Cash Equivalents - For purposes of the Statement of Cash Flows, the college considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

ITAWAMBA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENTS
June 30, 2008

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Short-Term Investments – The College considers all highly liquid investments with an original maturity of more than three months but less than twelve months to be short-term investments.

- E. Accounts Receivables, Net - Accounts receivables consist of tuition and fees charged to students, state appropriations, amounts due from state and federal grants and contracts, local governments and credits due to the college from vendors. Accounts receivables are recorded net of an allowance for doubtful accounts.
- F. Inventories - Inventories consist of bookstore, printing and food service supplies. These inventories are generally valued at the lower of cost or market, on either the first-in, first-out ("FIFO") basis or the average cost basis.
- G. Capital Assets, Net of Accumulated Depreciation - Capital assets are recorded at cost at the date of acquisition, or, if donated, at fair market value at the date of donation. Renovations to buildings and improvements other than buildings that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance costs are charged to operating expense in the year in which the expense was incurred. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expenditure categories. See Note 5 for additional details concerning useful lives, salvage values and capitalization thresholds. Expenditures for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized net of interest income earned on resources set aside for this purpose.
- H. Deferred Revenues - Deferred revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Deferred revenues also include amounts received from grant and contract sponsors that have not yet been earned.
- I. Compensated Absences - The College does not provide for the accumulation of leave beyond one year. Therefore, no accrual for compensated absences has been recorded in the financial statements.
- J. Classification of Revenues - The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, (3) most federal, state and local grants and contracts, and (4) interest on institutional student loans. Gifts (pledges) that are received on an installment basis are recorded at net present value.

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust*

ITAWAMBA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENTS
June 30, 2008

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Funds and Governmental Entities That Use Proprietary Fund Accounting and GASB Statement No. 34, such as state appropriations, local appropriations and investment income.

- K. State Appropriations – Itawamba Community College receives funds from the State of Mississippi based on the number of full-time students actually enrolled and in attendance on the last day of the sixth week of the fall semester of the previous year, counting only those students who reside within the State of Mississippi. Beginning with the 2004 fiscal year, a new funding formula will be phased in over a 5-year period which will shift the funding calculation from a predominantly full-time student formula, weighted by type of student, to a full-time equivalent formula which is based on total credit hours generated by all students with special consideration given only to high cost programs.
- L. Scholarship Discounts and Allowances - Financial aid to students is reported in the financial statements under the alternative method as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid, such as loans, funds provided to students as awarded by third parties and Federal Direct Lending, is accounted for as a third party payment (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses, or scholarship allowances, which reduce revenues. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed on a college basis by allocating the cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.
- M. Net Assets - GASB Statement No. 34 reports equity as "Net Assets" rather than "Fund Balance". Net assets are classified according to external donor restrictions or availability of assets for satisfaction of college obligations. Nonexpendable restricted net assets are gifts that have been received for endowment purposes, the corpus of which cannot be expended. Expendable restricted net assets represent funds that have been gifted for specific purposes and funds held in federal loan programs.

NOTE 2 – CASH AND INVESTMENTS

Policies:

- A. Cash, Cash Equivalents and Short-term Investments - Investment policies as set forth by policy and state statute authorize the college to invest in demand deposits and interest-bearing time deposits such as savings accounts, certificates of deposit, money market funds, U.S. Treasury bills and notes, and repurchase agreements.

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the college's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against these deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

Custodial Credit Risk – Deposits. Custodial credit risk is defined as the risk that, in the event of the failure of a financial institution, the institution will not be able to recover deposits or collateral securities that are in the possession of an outside party. The institution does not have a formal policy for custodial credit risk. However, the Mississippi State Treasurer manages that risk on behalf of the college. Deposits above FDIC coverage are collateralized by the pledging financial institutions trust department or agent in the name of the Mississippi State Treasurer on behalf of the institution. As of June 30, 2008, \$0 of the institution's bank balance was exposed to custodial credit risk.

- B. Investments – Investment policies as set forth by policy and state statute also authorize the college to invest in equity securities, bonds and other securities. Investments are reported at fair value (market).

The following table summarizes the carrying values of the college's investments reported on the statement of net assets at June 30, 2008:

Short-term investments	<u>\$18,151,018</u>
------------------------	---------------------

The following table summarizes the categorization of investments at June 30, 2008:

<u>Investment Type</u>	<u>Matures (in Years)</u>	<u>Fair Value</u>	<u>Rating</u>
Certificates of deposit	Less than 1	<u>\$18,151,018</u>	Not Rated

Interest Rate Risk - The College does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**ITAWAMBA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENTS
June 30, 2008**

NOTE 2 – CASH AND INVESTMENTS - continued

Credit Risk - State law limits investments to those prescribed in Section 27-105-33(d) and 27-105-33(e), Miss. Code Ann. (1972) The College does not have a formal investment policy that would further limit its investment choices or one that addresses credit risk.

Custodial Credit Risk - Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Concentration of Credit Risk - Disclosures of investments by amount and issuer for any issuer that represents five percent or more of total investments is required. This government, investments in mutual funds and external investment pools, and other pooled investments. As of June 30, 2008, the college did not have any investments to which this would apply.

The 1990 Dorm Bonds and 1983 Dorm Bonds call for the establishment of certain reserve accounts. The reserve accounts for the 1983 Dorm Bonds are adequate at June 30, 2008. The 1990 Dorm Bond calls for the establishment of Dormitory Bond and Interest Fund, Dormitory Reserve Fund, Dormitory Depreciation Fund and Dormitory Contingent Fund, solely from the net revenues of the dormitory. The 1990 Dorm Bond Resolution states that the Institution will fix and maintain rates and make and collect charges for the use and services of the dormitories sufficient to maintain the required reserve funds. The 1990 Dorm Bond Resolution also states that the Institution will establish and maintain parietal rules, rental rates and charges for the use of the dormitories as may be necessary to assure maximum occupancy and use of the facilities and provide the operations and maintenance expenses of the dormitories, the debt service on the Bonds, the required reserve and the reserves for Depreciation Fund and Contingent Fund. The Institution has established rates and charges to assure maximum occupancy of the dormitories. These rates are comparable to rates at other community colleges in the state. The net revenues at current rates are not sufficient to provide the required reserve funds. Therefore, the Dormitory Bond and Interest Fund, Dormitory Reserve Fund, Dormitory Depreciation Fund and Dormitory Contingent Fund are not funded or being funded as set forth in the Bond Resolutions.

NOTE 8 – PENSION PLAN

Plan description - The Community College participates in the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state law and may be amended only by the Mississippi State Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to the Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, MS 39201-1005 or by calling (601) 359-3589 or 1-800-444-PERS.

Funding policy - PERS members are required to contribute 7.25% of their annual covered salary and the institution is required to contribute at an actuarially determined rate. The current rate is 11.30% of annual covered payroll. The contribution requirement of PERS members are established and may be amended only by the Mississippi State Legislature. The college's contributions to PERS for the years ending June 30, 2008, 2007 and 2006 were \$3,806,199, \$3,231,554 and \$2,675,621, respectively, equal to the required contributions for each year.

NOTE 9 - ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions by the management of the Institution. Those estimates and assumptions affect the reported amounts of assets and liabilities and reported revenues and expenses. It is at least reasonably possible that the estimates and assumptions used could change within the next year.

NOTE 10 - CONCENTRATIONS OF CREDIT RISK

The Institution's operations are located in Fulton and Tupelo, Mississippi and its students come primarily from Mississippi and surrounding states. The Institution's major source of revenue is derived from State appropriations, federal grants, tuition and room and board.

The Institution receives funds, which are applied against students' accounts, from federal and state governmental organizations that provide assistance to students attending institutions of higher education.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

The Itawamba Community College Foundation, Inc., (the Foundation), is a Mississippi non-profit corporation chartered on January 30, 1975. The Foundation's purpose is to receive and hold by gift, bequest, devise, grant, purchase, lease or otherwise any real or personal property, and to invest and reinvest, and to use and dispose of the same for the purpose of providing residents of the State of Mississippi with funds to pursue their collegiate training at Itawamba Community College. The funds are used to acquire or purchase real or personal property; to pay for service for instruction; to provide funds to carry on any proper activity at the Itawamba Community College; and to engage in any and all lawful activities that may be incidental or reasonably necessary to carry out its purposes.

B. Basis of Accounting

The accounts of the Foundation are maintained in accordance with the principles of not-for-profit accounting. The statements have been prepared on an accrual basis.

C. Basis of Presentation

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Net assets of the Foundation and changes therein are classified in to the following three categories:

- Unrestricted net assets represent the portion of expendable funds that are available for support of the operations of the Foundation.
- Temporarily restricted net assets consist of contributions that have been restricted by the donor for specific purposes or are time restricted.
- Permanently restricted net assets consist of contributions that have been restricted by the donor that stipulate the resources be maintained permanently, but permit the Foundation to use or expand part or all of the income derived from the donated assets for either specified or unspecified purposes.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by donor-imposed restrictions. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

D. Income Taxes

The Foundation is a tax-exempt organization under Section 501(c)(3) and, as such, is subject to federal and state income tax only on net unrelated business income.

ITAWAMBA COMMUNITY COLLEGE FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

E. Contributions

Contributions are recorded in accordance with Statement of Financial Accounting Standards No. 116, *Accounting for Contributions Received and Contributions Made*. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

F. Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value. The fair values of investments are based on quoted market prices. Donated investments including donated property are recorded as contributions at fair value on the date received. Realized gains (losses) on investments are the difference between the proceeds received and the average cost of investments sold. Net appreciation in the fair value of investments (including realized gains (losses) and unrealized gains (losses)) and dividends and interest is included in revenues, gains, and other income of unrestricted net assets.

G. Fair Value of Financial Instruments

The carrying values of cash and cash equivalents, receivables, accounts payable and other liabilities are reasonable estimates of fair value due to the short-term nature of these financial instruments. Investments, pledges receivable and annuity payment liability are reported at fair value.

H. Cash and Cash Equivalents

For purposes of the statements of cash flows, the Foundation considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents.

I. Gift Annuity Agreements

The Foundation has entered into gift annuity agreements that provide that the Foundation shall pay to the designated beneficiaries an annual amount until the death of the designated beneficiaries. The payments continue even if the assets of the gift annuity fund have been exhausted. The foundation records the assets received at fair value and a corresponding liability is recorded for the actuarially determined present value of payments to be made to the designated beneficiaries, with the residual amount recorded as contribution revenue. Upon the death of the beneficiaries, the assets of the gift annuity are held by the Foundation in accordance with the agreements.

J. Cash and Cash Equivalents

For purposes of the statements of cash flows, the Foundation considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents.

K. Prior Year Information

The financial statements include certain prior year information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in accordance with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended June 30, 2007, from which the summarized information was derived.

NOTE 2 - PREMISES

The Foundation has an agreement with Itawamba Community College whereby the Foundation and the Community College share the use of two buildings for activities of each respective organization.

NOTE 3 - DONATED SERVICES

The value of donated services is not reflected in the accompanying financial statements since there is no objective basis available by which to measure the value of such services. However, a substantial number of volunteers have donated significant amounts of their time in the Foundation's fund raising events.

NOTE 4 - ENDOWMENT FUND

The endowment fund is used to account for resources that are subject to restrictions. The endowment fund must maintain a balance of \$1,800,000 plus one-half of the accumulated investment income earned thereon.

NOTE 5 - UNITED STATES DEPARTMENT OF EDUCATION CHALLENGE GRANT

During the fiscal year ended June 30, 1990, the Foundation was awarded a Challenge Grant by the United States Department of Education in the amount of \$1,200,000. The grant period is May 1, 1990, through April 20, 2010. The U.S. Department of Education contribution must be matched on a two-to-one basis by the end of the grant period. The purpose of the grant is to augment the Foundation's endowment fund. The Foundation has met the financial and compliance requirements of the United States Department of Education.

NOTE 6 - ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

 Net unconditional promises to give at June 30, 2008	 \$ <u>31,425</u>

Discount rates used on long-term promises to give ranged from 4% to 6% in 2008.

NOTE 8 - INVESTMENTS

Investments and gift annuities are stated at fair value. Fair values and unrealized appreciation at June 30, 2008 are as follows:

	<u>Cost</u>	<u>Fair Value</u>	<u>Unrealized Appreciation</u>
Investments Held:			
Balances at			
June 30, 2008	\$ 4,541,514	\$ 8,428,104	\$ 3,886,590
 Gift Annuities Held:			
Balances at			
June 30, 2008	\$ 211,883	\$ 202,953	\$ (8,930)

NOTE 9 - CONCENTRATIONS OF CREDIT RISK

Financial instruments which potentially expose the Foundation to concentrations of credit risk include cash and cash equivalents, investments in marketable securities, and pledges receivable. As a matter of policy, the Foundation only maintains cash balances with financial institutions having a high credit quality. Concentration of credit risk for investments in marketable securities is mitigated by both the distribution of investment funds among asset managers and the overall diversification of managed investment portfolios. Concentration of credit risk for pledges receivable are generally limited due to the dispersion of these balances over a wide base of donors.

NOTE 10 - SUBSEQUENT EVENT

ICC Foundation is a participant in The Common Fund for Short Term Investments (Short Term Fund) and received notice on September 29, 2008 from the Trustee of the Short Term Fund, Wachovia Bank, N.A., of the Trustee's decision to initiate the termination of the Short Term Fund, to establish procedures for an orderly liquidation and distribution of the fund's assets, and to resign their role as Trustee of the Short Term Fund.

The initial action by Wachovia was to restrict liquidity in the fund to 10 percent of each participant's account value as of the close of business on Friday, September 26, 2008. The remaining 90 percent of the fund would be available to investors over the coming weeks and months as securities in the portfolio mature and the fund's advisers are able to sell underlying securities when the markets stabilize.

As of March 4, 2009, ICC Foundation had received \$506,722 of the \$652,756 held in the Short Term Fund at June 30, 2008. The Foundation fully expects to receive the remaining balance of \$146,034 by the end of 2009.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Itawamba Community College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Itawamba Community College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Itawamba Community College's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Itawamba Community College's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Itawamba Community College's financial statements that is more than inconsequential will not be prevented or detected by the Itawamba Community College's internal control.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Itawamba Community College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the use of Itawamba Community College, entities with accreditation overview, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. **REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE
TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of Directors
Itawamba Community College

Compliance

We have audited the compliance of Itawamba Community College with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. Itawamba Community College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Itawamba Community College's management. Our responsibility is to express an opinion on Itawamba Community College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Itawamba Community College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Itawamba Community College's compliance with those requirements.

In our opinion, Itawamba Community College complied, in all material respects, with the requirements referred to above that are applicable to each major federal program for the year ended June 30, 2008.

Internal Control Over Compliance

The management of Itawamba Community College, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Itawamba Community College's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Itawamba Community College's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended for the use of Itawamba Community College, entities with accreditation overview, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. We have audited the financial statements of Itawamba Community College as of and for the year ended June 30, 2008, and have issued our report dated February 15, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

We have also performed procedures to test compliance with certain laws and regulations. However, providing an opinion on compliance with state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of those procedures and our audit of the financial statements did not disclose any instances of noncompliance with state laws and regulations.
