If there is a single audit, the final audit report on your letterhead and copies will be due June 30, 2021 for the first year with a similar timetable for the second year. The draft report and working papers, if requested, are due for review by the Office of the State Auditor 60 days before the June 30 dates. If there is no Single Audit, the due date for the final audit report is extended until August 31 with the draft report and completed working papers due June 30. This review should not be considered as a quality control review, which is the responsibility of your audit firm. Audit reports should be reviewed by your firm prior to submission to the Office of the State Auditor, as our review will be limited.

Development of the financial and federal (Single Audit) plans/programs will be the responsibility of the CPA auditor performing the audit. The Office of the State Auditor will provide a state legal compliance audit program, which will be provided to aid in completing and reporting on the state legal compliance portion of the audit.

If interested in submitting proposals for any of the contract audits, please contact the chancery clerk or county administrator of the county.

Counties must have contracts fully executed (signed by all three parties) by October 31, 2020. It is the responsibility of the CPA firm to ensure contracts are routed to OSA for final signature once the County and CPA firm have signed. Failure to secure a signature from OSA prior to work beginning could result in removal from the registered list. Please note that if any work is subcontracted to another CPA firm, OSA must also approve that subcontract.
